The National Guard deploy through EMAC in both State Active Duty and Title 32 to assist Member States. EMAC establishes a firm legal foundation for sharing resources between states. Once the conditions for providing assistance to a requesting state have been set, the terms constitute a legally binding agreement.

What is EMAC? - Emergency Management Assistance Compact
The eMac is an all-in-one Macintosh desktop computer released by Apple on April 22, 2002. The eMac was a low-cost alternative to other Apple computers and was aimed at the education market, so it retained a similar design to the previous iMac G3 introduced in 1998. The eMac featured a G4 processor and a 17-inch CRT (cathode-ray tube) screen—the last CRT display sold by Apple.
