Wikibooks is a collection of open-content textbooks, which anyone with expertise can edit - including you. Unlike Wikipedia articles, which are essentially lists of facts, Wikibooks is made up of linked chapters that aim to teach the reader about a certain subject.

Gaining The Edge By Analyzing

Companies that have the ability to identify and analyze their key competitors in the market have the edge over businesses that do not monitor the competition. The goal of conducting a competitive analysis is to know the competitors' key strengths and weaknesses as well as the opportunities and threats that they may bring to the market.
