Learning Style

The quadrant is labeled on the Learning Style Inventory in italics.

Kolb (1984) describes the characteristics of each style based on both research and clinical observation.

Convergent --The convergent learning style relies primarily on the dominant learning abilities of abstract conceptualization and active experimentation.

The Learning Style Inventory - College of Medicine

Based on over 40 years of research from David Kolb, Ph.D., the learning style inventory describes the way you learn and how you deal with day-to-day situations. Learning can be described as a cycle made up of four basic processes. The LSI takes you through those processes to give you a better
