Risk Taking: A Managerial Perspective by Zur Shapira ...

It considers recent studies of risk attitudes and behavior among managers against the background of conceptions of risk derived from theories of choice. We conclude that managers take risks and exhibit risk preferences, but the processes that generate those observables are somewhat removed from the classical processes of choosing from among alternative actions in terms of the mean (expected value) and variance (risk) of the probability distributions over possible outcomes.

Managerial Perspectives on Risk and Risk Taking ...

Risk Taking offers a critical assessment of the relationship between theory and action in managerial decision making. Shapira offers a definitive account of the classical conception of risky decision making, which derives behavioral prescriptions from a calculation of both the value and the likelihood of possible outcomes.
