Since World War I, there have been numerous changes in borders between nations, detailed below. For information on border changes from the end of the Napoleonic Wars to 1914, see List of national border changes from 1815 to 1914. Cases are only listed where there have been changes in borders, not necessarily including changes in ownership of a territory. For instance, many European colonies in Africa became independent without any adjustment to their borders, although some did have many changes.
